NOTES AND PRECIS.

D.No. 2098 S.N.1

D.No. 2599 S.N.2

The proposals of the Inspector of Schools for payment of teaching grant to Indian Schools in the Station during the current year have been examined and found to be in order.

Under rule 34 of the Grant-in-Aid Code for Indian Schools the amount of grant earned by the schools is calculated as follows:-

(1) Half the excess over the approved recurring expenditure over the fee income, plus

(2) Loss in fee income on account of award of fee concessions , plus

(3) Half the expenditure on account of scholarships and fee remissions limited to 10% of fee income.

The details of calculations of grants earned by different schools during the year are given in the front sheet attached to the statements of each school. Except in the case of St. Euphrasia's Girls High school, all the schools get the grant earned by them though this is less than the grant paid last year. The drop from the last year's grant is due to the correct interpretation of rule 34(1) of the Grant-in-Aid Code which has been adopted after due warning to the schools concerned. The R.B.A.N.M's Schools and C.V.S. Sabha school were also warned when sanctioning grant last year that the higher grant sanctioned to those schools under rule 36(2) would be withdrawn with effect from this year. In the case of St. Euphrasia's Girls' High School, the grant recommended is less than the grant earned though it is more than the

grant

grant paid last year. Please see S.N.2-

Regd. No. 2098.
File. No. 324/36.

Sir,

I have the honour to invite a reference to the Hon'ble the Resident in Mysore No. F. 324-36/R.O.II, dated 4-3-1936 sanctioning teaching grants for the Indian Secondary Schools of the Civil and Military Station, Bangalore for 1935-36, and to enclose herewith a statement of the grants I recommend for payment for the current official year. To the statement I attach a note detailing (1) the information that is furnished along with the financial statements received from the schools ~~and~~ (sent herewith) and (2) the manner in which grant has been calculated. Except in cases similar to those referred to in this office No. 519/B.4/36, dated 13-2-1936, the rules fixing the maximum and minimum scales of pay for the teaching staff having been given effect to. Our calculations will be found on a sheet of paper enclosed in the file relating to each school.

With the exception of St. Euphrasia's Girls' High School, the grants payable this year are lower than those paid for 1935-36, the grant for the R.B.A.N.M'S High School falling short of last year's figure by over Rs.2,000. This is the direct result of the interpretation of Rule 34(i) of the Grant-in-Aid Code adopted in your No. F.844/R.O.I, dated 13-6-1936. Some of the schools, including the R.B.A.N.M'S High School, have calculated their fee income according to the former practice in spite of specific instructions to the contrary issued from this office. They must therefore be prepared for the present reductions. Further, in paragraph 4 of your Proceedings No. F.324-36/

No. F. 324-36/R.O.II, dated 4-3-1936, you warned certain schools that supplementary grants might not be available in future. As a matter of fact, my present allocation of grant fully utilizes the available allotment. I am therefore unable to make any sort of recommendation regarding the raising of the grant to be sanctioned for the R.B.A.N.M'S High School.

Under Rule 92 of the Madras Educational Rules girls in Form IV - VI only and boys in any ~~class~~ class or form belonging to the backward communities, if they are too poor to pay school fees, are entitled to half fee concession and girls in classes below Form IV, if they are too poor to pay, are entitled to full fee concession. In the Goodwill Girls' High School, poor girls have been given half fee concession only in all classes. The school is entitled ~~for~~ to compensation only to the extent of the loss in respect of the girls in Forms IV - VI. In the case of girls below form IV who have also been given half fee concession only, the school is not entitled to any compensation, because full fee concession has not been given for those who are entitled to it. Loss on account of concession granted under this Rule at less than full rates in the case of girls in Form III and below has not been recommended for compensation. ~~xxxxxxxx~~ Similarly, in the case of St. Euphrasia's Girls' High School fees charged and concessions allowed vary according to the pupils' ability to pay. Compensation for loss ~~of~~ in fee income due to concession under Rule 92 of the Madras Educational Rules has been recommended only to the extent to which the concession was awarded in strict conformity with the Rule.

If my recommendations are accepted, the expenditure will be debited to the head " Account II Education - B. Secondary - Direct Grants to Non-Government Secondary Schools - Grants-in-Aid to Secondary Schools" in the current year's Mysore Assigned Tract budget.

The advances already paid will be deducted when the grants now recommended are paid.

The case of Srimathi Kamala Bai Girls' High School is being dealt with in a separate reference.

I have the honour to be,
Sir,
Your most obedient servant,

Teaching grant for Indian Secondary Schools - 1936-37.

Note on the subsidiary statements submitted with the financial statements of the schools.

These statements have been lettered as follows:-

A Qualification of the staff.

B Details of expenditure on staff (Item 1 of the financial statement).

C -do- servants, clerks, etc.. (item 2 -do-)

D -do- repairs and upkeep (item 3 -do-)

E -do- contingencies. (item 6 -do-)

F Statement of actual fee income.

G Statement showing loss in fee income due to concessions granted to backward class pupils - Article 34 (ii) (a) of the Grant-in-Aid Code.

H Details of pupils to whom sub concessions are given.

I Statement from the management that pupils who receive such concessions are so poor as to deserve it.

J Statement of loss of fee income due to fee concessions granted by the management.

K Fee Returns - Statement of income due from fees assuming that all scholars pay full fees.

L Statement of average attendance.

The grants are calculated according to the following formula. (Article 34 (i)):-

Total admissible expenditure - Income from fees.

$$\frac{B + C + D + E \text{ .... minus } K}{2} \text{ plus}$$

$$\text{Loss of fee income under Article 34 (ii) (a)} \text{ plus}$$

$$\text{1/2 the loss of fee income } \underset{(G)}{} \text{ under Art. 34(ii) (b)} \underset{(J)}{}$$

(Compensation in respect of J is limited to 10% of the fee income)

Under B.C.D. & E. certain items have been disallowed. These have been shown in the relevant statements. Under "E", expenditure on medical inspection, has been allowed only to the extent of the excess of such expenditure (if any) over the income from fees specially collected for this purpose. Statement K is a new statement necessitated by the new interpretation of Article 34, whereby full fees have to be

be calculated in respect of all the pupils of a school, irrespective of the fact whether they belong to educationally backward communities or not. In some schools there has been a certain loss in fee income due to pupils having left without transfer certificates in the middle of term. In such cases, which inevitably arise, this amount of loss is excluded from the "fee income".

Statement L is certified correct.

Sir,

S N.1 (Rn-4)

In continuation of this office No. 639/B/5/36, dated 23-2-1937 recommending the payment of teaching grants to Indian Secondary Schools for the year 1936-37, I have the honour to state that the amount recommended for St. Euphrasia's Girls' High School may be reduced by Rs.723 for the following reasons:-

An additional sum of Rs.845-9-1 is required for paying to the Srimathi Kamalabai Girls' High School the amount of grant earned by that school for the current year. The St. Euphrasia's Girls' High School received a grant of Rs. 3,200 during 1935-36. It has been recommended for Rs.4,027 for the current year. If Rs.845-9-1 is taken from this amount, the school will get Rs.3,181-6-11. To this may be added Rs.123, the amount by which the grant recommended for St. John's Middle School was reduced. The total amount recommended for St. Euphrasia's Girls' High School therefore would amount to Rs.3,181-6-11 plus Rs.123 = Rs.3,304-6-11, which is more than the grant paid to the school in 1935-36. The school has earned this year considerably more than the amount now proposed to be paid, but in the special circumstances detailed above a reduction in grant is inevitable. I have chosen this school for the reduction of its grant because of its need for grant not being so great as in the case of the Goodwill Girls' High School, which employs a large lay staff.

D.O.No. F. 403-37
R.O.II

Bangalore,
15th March 1937.

My dear Thompson,

I had a visit from Rao Sahib Thangavelu Mudaliar this morning to talk about the difficulties in which the R.B.A.N.M's High School finds itself as the result of the cuts which we have had to impose on teaching grants. The Rao Sahib thinks that good grounds can be shown for giving the R.B.A.N.M's High School special treatment which we may not be able to afford to give to other schools; and from what he said to me it seems that it may be possible to make ~~up~~ out a good case for the school

If you feel that there are good grounds for taking up the question, and that there may be justification for giving special treatment to this particular school, there can, of course, be no objection to your sending in recommendations.

I explained the financial position to Rao Sahib Thangavelu Mudaliar and made it quite clear that we could not possibly contemplate any general restoration to all schools of the generous supplementary grants which had been made to them in the past: his representation could only be seriously examined if he could show that there are special grounds peculiar to the R.B.A.N.M's High School which would justify Government in giving it a more generous measure of assistance than can be given to other schools.

Yours Sincerely,

OFFICE OF THE INSPECTOR OF SCHOOLS

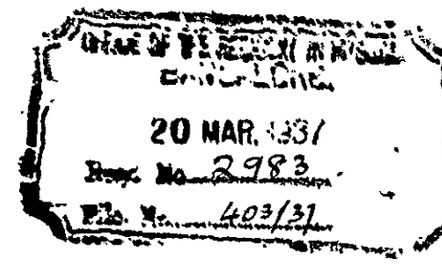
Dated 19 MAR. 1937



My dear Edwards,

S.N.4 9/2 Cp 9

With reference to your D.O. No. F.403-37/R.O.II, dated 15th March 1937, I have had the case of the R.B.A.N.M'S High School examined very carefully, and we find that there is sufficient justification for applying Article 36(2) of the Grant-in-Aid Code and recommending a supplementary grant, although there is none if the question of grant is to be considered solely with reference to Article 34 and the actual expenditure of the school for the official year 1935-36.

The points for special consideration are these:-

(1) The actual deficit met by the management in addition to their annual contribution of Rs. 2,400, which is " interest on endowment", has been as follows for the last three years:

1933-34	... ...	Rs.	1,260 12 7
1934-35	... ...	"	1,103 2 1
1935-36	... ...	"	295 11 5

Hence, there is no question whatever of the grants we give becoming "a source of profit to the management", to quote Article 36.

(2) Increments to the extent of Rs.600 have been withheld

withheld pending settlement of the question of grant. This amount with the deficit represents a total commitment of nearly Rs.900.

(3) The school employs a well qualified staff, and a serious cut in grant will lead to the dispensing with the services of the more expensive teachers, with a consequent reduction in efficiency.

(4) Grant calculations under Article 34 are made with reference to the actual expenditure of the previous year, and not with reference to future commitments; hence, of course, the necessity of such provision as is made under Article 36.

(5) In budgeting for 1936-37 the management of the R.B.A.N.M'S High School counted upon receiving a grant round about Rs.7,000-0-0. The very serious reduction that now confronts them completely disorganizes their finances.

I therefore recommend that a supplementary grant of Rs.1,500 be sanctioned under Article 36(2) to ease the situation, a situation that exists at none of the other Indian Secondary Schools of the station. The amount may be met from savings under the following heads:-

F. Grant-in-Aid to Non-Government Special Schools.-	Rs.	700	0 0
G. 2. Scholarships.-	"	800	0 0

Sir, 20.32
Rec. No. 403/37
File No.

I have the honour to invite your attention to your No. 403/37/R.O.II, dated 12-3-1937 conveying sanction for the payment of teaching grants to the Indian Secondary Schools in the station.

2. I have since examined very carefully the case of the R.B.A.N.M'S High School and find that there is sufficient justification for applying Article 36(2) of the Grant-in-Aid Code and recommending a supplementary grant to the school.

3. The points for special consideration are these:-

(1) The actual deficit met by the management in addition to their annual contribution of Rs.2,400, which is "interest on Endowment" has been as follows for the last 3 years:-

1933-34	... ...	Rs. 1,260	12 7
1934-35	... ...	" 1,103	2 1
1935-36	... ...	" 295	11 5

Hence, there is no question whatever of the grants that the Department gives becoming "a source of profit to the management", as mentioned in Rule 36 of the Code.

(2) Increments to the extent of Rs.600 have been withheld pending settlement of the question of grant. This amount with the deficit represents a total commitment of nearly Rs.900.

(3) The school employs a well qualified staff, and a serious cut in grant will lead to the dispensing with the services of the more expensive teachers, with a consequent reduction in efficiency.

(4) Grant calculations under Rule 34 are made with reference to the actual expenditure of the previous year, and not with reference to future commitments; hence, of course, the necessity of such provision as is made under rule 36.

(5) In budgeting for 1936-37 the management of the R.B.A.N.M'S High School counted upon receiving a grant round about Rs.7,000. The very serious reduction that confronts the management completely disorganizes their finances.

4. I therefore recommend that a supplementary grant of Rs.1,500 be sanctioned for the school under Rule 36(2) of the Code, to ease the situation, a situation that exists at none of the other Indian Secondary Schools of the station. I have submitted separately a reappropriation statement to meet the increased ~~the~~ grant.

5. Orders may kindly be obtained as soon as possible, so that the grant may be drawn before the end of the official year.
